***Reasons for allowance***

The following is an examiner's statement of reasons for allowance:

The prior art of record failed to teach or disclose either singularly or in combination a data processing system. Each independent identifies the uniquely distinct steps of: "a cache adapted to store addresses of location in physical memory available to the internal graphics subsystem for storing graphics data and adapted to store addresses of locations in physical memory available to an external graphics controller coupled to the memory controller for storing graphics data". The above limitations of the present claims invention have not found to be anticipated, suggested or made obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
